Netherlands	UNRWA	Regional - Syria 3RP - Cash Assistance for essential needs, including food, shelter and NFIs	149,850	0

Netherlands	WVI	This project aims at improving the shelter living conditions of IDPs and host communities living in urban areas and whose shelters are damaged by the violence of the conflict. This project focuses on more sustainable repairs by repairing walls, ceilings, cracks, replacing doors and windows with safe and unharmed material, improving isolation, etc. In addition, during the winter months, families suffer most in their shelter if the isolation and moisture level is not good. therefore heating fuel and winter shelter NFI items are distributed.	187,750	0
Netherlands	WVI	This project aimed at improving the living conditions of Syrian IDPs in camps and urban areas in Idleb through the delivery of shelter repair kits. The shelter repair kits were designed and conceived to adapt the content both to tent-type shelter and urban shelters. During the course of the project, the areas of operations were affected by different waves of displacement, therefore winter kit were distributed to newly arrived IDPs in the months of winter.	224,676	0
Netherlands	WVI	This project is a continuation of the phase one of SJR1 and therefore this project continues to supply the same water stations to provide safe drinking water to the IDPs and host population. With increasing numbers of IDPs in camps, the WASH services needs to increased and therefore this project provides latrines for IDPs. Finally, this project build on previous experience to provide a compactor to collect garbage in different municipalities for an improved sanitary environment.	301,352	0
Netherlands	UNRWA	Lebanon - Syria 3RP - Environmental Health	334,448	0
Netherlands	WFP	to be allocated to specific countries (Syria's neighbouring countries)	443,951	0
Netherlands	WVI	This project contributes to the repair and maintenance of water supply stations to provide safe drinking water to IDPs and host population. WASH centres have been rehabilitated in IDP camps given that the number of IDPs in the camps has increased. In order to have a comprehensive WASH programme the focus was also on the hygiene promotion. The other main activities revolved around the garbage collection where families have been provided with garbage bins. Finally to face the emergency crisis after several waves of displacements, hygiene kits and baby kits are distributed throughout the project.	631,150	0

Netherlands	WVI	This project supplied private clinics in Northern Syria with diarrheal kits to prevent disease outbreak. Doctors and nurses receive trainings on disease outbreak as well. Private clinics are also provided with medicines and medical equipment to be able to treat patients. This project focuses particularly on reproductive health care with the distribution of reproductive health kits and awareness about reproductive health.	973,000	0
Netherlands	ERF (OCHA)	Syria ERF in Jordan (OCT 5241)	1,127,396	0
Netherlands	WVI	This project provides 1345 families with food kits on a monthly basis. Beneficiaries are both IDPs in camps and IDPs and host communities out of camps. With an unstable market, skyrocketing prices and limited availability of food item, the project aimed at providing life-saving food assistance to the most vulnerable conflict-affected Syrians.	1,333,500	0

Grand Total: USD 6,279,167,315 57,334,322

CAP: The consolidated appeals process (CAP) is the precursor to the current humanitarian programming cycle (HPC).

Carry-over: Previous year's carry-over stocks (i.e. stocks physically in-country at 31 December) and carry-over contributions (i.e. funds committed by the donor at 31 December), not spent or used in the previous year, and now to be applied to projects in the current year.

Commitment: Creation of a contractual obligation regarding funding between the donor and appealing agency. Almost always takes the form of a signed contract. This is the crucial stage of humanitarian funding: agencies cannot spend money and implement before a funding commitment is made; once it is made, they can begin spending against it, using cash reserves.

Consolidated appeals: A precursor to the current humanitarian response plans (HRPs).

Contribution: The payment or transfer of funds or in-kind goods from the donor towards the appealing agency, resulting from a commitment.

Flash appeal: An inter-agency humanitarian response strategy to a major disaster that requires a coordinated response beyond the capacity of the government or any single agency. The appeal addresses acute needs for a common planning horizon, normally up to six months.

Funding: Contributions, commitments and carry-over.

Humanitarian response plans (HRPs): Inter-agency response plans for humanitarian crises requiring the support of more than one agency and prepared by humanitarian country teams (HCTs) based on a humanitarian needs overview (HNO).

Outstanding pledges: Pledges are a non-binding announcement of an intended contribution or allocation by the donor. The recipient organization and response plan or project are not necessarily specified. As soon as a commitment is reported to FTS against a pledge, the amount in the pledge column is reduced accordingly. FTS tables therefore show the 'outstanding' (not 'total') pledge amount. Pledges might or might not include verbal pledges of financial support made at pledging conferences.

Overlap: On occasion there can be a slight overlap between the needs and requirements stated in a country's HRP and its chapter in an RRP. Where this is the case, we create a separate heading in our tables and adjust the global total accordingly to avoid double-counting.

Regional response plans (RRPs): An inter-agency response plan, coordinated by UNHCR.
