

FIJI - Tropical Cyclone Winston - February 2016

Table A: Total funding and outstanding pledges*
as of 21 May 2019

<http://fts.unocha.org> (Table ref: R10)

Compiled by OCHA on the basis of information provided by donors and appealing organizations.

Donor	Channel	Description	Funding USD	Outstanding Pledges USD
Allocation of unearmarked funds by FAO	FAO	The project will provide targeted support to MoA, MFF and BAF to address biosecurity risks and livestock issues in the twelve hotspots identified by the Government of Fiji; forest landscape rehabilitation and utilization of felled trees (focused on two main forestry sites in Northern Viti Levu and the Koro Islands covering the rural communities), and assist in rebuilding the livelihoods of small-scale aquaculture farmers.	300,000	0
Allocation of unearmarked funds by FAO	FAO	The overarching objective of this project is the rapid re-establishment of agricultural and fisheries production in households most affected by Tropical Cyclone Winston. The project aims to directly target the most affected households in the severely or extremely impacted areas to provide necessary agricultural, livestock, forestry and fisheries inputs and technical support to revive livelihoods and restore food security to households and communities.	498,000	0

Allocation of unearmarked funds by OCHA	UNDP	<p>As part of its rapid response to support the rehabilitation of community infrastructure and clearing of debris, UNDP is handing over key equipment to the Ministry for Agriculture, Rural & Maritime Development and National Disaster Management, such as chainsaws, brush cutters, wheelbarrows, pinch bars, crow bars, hammers, rechargeable solar lanterns as well as kits containing shovels, nails, cutting tools.</p> <p>This equipment, worth USD 50,000 and financed by the Emergency Cash Grant, will enable affected communities to clear debris and access life-saving basic services, such as health posts and social services centres, in the Lomaiviti Province, Eastern Division, in areas that have been identified as priority number 2 by the Government.</p>	50,000	0
Allocation of unearmarked funds by UNDP	UNDP	<p>This proposal aims at urgently initiating debris clearance especially in areas to be confirmed, where Government assistance has not yet reached due extensive damages and geographical isolation. This would be approached through emergency employment that will offer cash for work to community members who will benefit from immediate cash injection into their communities and homes for basic supplies as well as assist with longer term stability. Participation will be gender-balanced and focus on debris collection, for classification, recycling and proper disposal. To facilitate re-use and longer term income sources, a carpentry workshop will be established, to convert lumber debris into building materials and produce furniture to replace that lost in the cyclone, and local men and women trained in basic carpentry techniques.</p>	250,000	0
Allocation of unearmarked funds by WHO	RKM	<p>Delivery of acute and primary health care services and public health interventions in areas affected by Cyclone Winston</p>	25,000	0
Asian Development Bank	Bilateral (affected government)	<p>emergency assistance</p>	0	2,000,000
Australia	UNFPA	<p>Provide access to up to 80,000 people across Fiji to sexual and reproductive health and family planning services, as well as distribute clean delivery kits to expectant mothers, purchase additional supplies and assist to rebuild damaged health clinics (part of DFAT grant of \$288,122, remaining reflected under protection requirements)</p>	30,542	0

Australia	UNICEF	Provide clean water, health and sanitation supplies for up to 10,000 people, as well as temporary learning spaces and supplies for more than 10,000 children (SM160058)	30,671	0
Australia	SC	Support to the development of Child Friendly Spaces and training of teachers in PSS	66,561	0
Australia	IPPF	International Planned Parenthood Foundation via the SPRINT program which will provide access to up to 80,000 people across Fiji to sexual and reproductive health and family planning services, as well as distribute clean delivery kits to expectant mothers, purchase additional supplies and assist to rebuild damaged health clinics	71,073	0

United States of America	WFP	Cash Assistance to Families Affected by Cyclone Winston	1,000,000	0
Grand Total: USD			41,603,986	3,354,526

CAP: The consolidated appeals process (CAP) is the precursor to the current humanitarian programming cycle (HPC).

Carry-over: Previous year's carry-over stocks (i.e. stocks physically in-country at 31 December) and carry-over contributions (i.e. funds committed by the donor at 31 December), not spent or used in the previous year, and now to be applied to projects in the current year.

Commitment: Creation of a contractual obligation regarding funding between the donor and appealing agency. Almost always takes the form of a signed contract. This is the crucial stage of humanitarian funding: agencies cannot spend money and implement before a funding commitment is made; once it is made, they can begin spending against it, using cash reserves.

Consolidated appeals: A precursor to the current humanitarian response plans (HRPs).

Contribution: The payment or transfer of funds or in-kind goods from the donor towards the appealing agency, resulting from a commitment.

Flash appeal: An inter-agency humanitarian response strategy to a major disaster that requires a coordinated response beyond the capacity of the government or any single agency. The appeal addresses acute needs for a common planning horizon, normally up to six months.

Funding: Contributions, commitments and carry-over.

Humanitarian response plans (HRPs): Inter-agency response plans for humanitarian crises requiring the support of more than one agency and prepared by humanitarian country teams (HCTs) based on a humanitarian needs overview (HNO).

Outstanding pledges: Pledges are a non-binding announcement of an intended contribution or allocation by the donor. The recipient organization and response plan or project are not necessarily specified. As soon as a commitment is reported to FTS against a pledge, the amount in the pledge column is reduced accordingly. FTS tables therefore show the 'outstanding' (not 'total') pledge amount. Pledges might or might not include verbal pledges of financial support made at pledging conferences.

Overlap: On occasion there can be a slight overlap between the needs and requirements stated in a country's HRP and its chapter in an RRP. Where this is the case, we create a separate heading in our tables and adjust the global total accordingly to avoid double-counting.

Regional response plans (RRPs): An inter-agency response plan, coordinated by UNHCR.
