**CAP:** The consolidated appeals process (CAP) is the precursor to the current humanitarian programming cycle (HPC).

**Commitment:** Creation of a contractual obligation regarding funding between the donor and appealing agency. Almost always takes the form of a signed contract. This is the crucial stage of humanitarian funding: agencies cannot spend money and implement before a funding commitment is made; once it is made, they can begin spending against it, using cash reserves.

**Consolidated appeals:** A precursor to the current humanitarian response plans (HRPs).

**Contribution:** The payment or transfer of funds or in-kind goods from the donor towards the appealing agency, resulting from a commitment.

**Flash appeal:** An inter-agency humanitarian response strategy to a major disaster that requires a coordinated response beyond the capacity of the government or any single agency. The appeal addresses acute needs for a common planning horizon, normally up to six months.
